

DAC-415

# Air Tool Oil

Specialty Lubricant

## Why was AIR TOOL OIL developed?

Air Tool Oil was developed to eliminate the high replacement and maintenance costs associated with air tools. This ultimate extreme pressure and lubrication package will give you peak performance, while eliminating gumminess and binding that is strongly associated with galling.

## DESCRIPTION:

This product will give you optimum performance while eliminating metal to metal wear.

## PERFORMANCE CHARACTERISTICS:

- Ultimate protection against galling and binding
- Extends the life of tools and optimizes performance
- Eliminates binding and metal to metal contact
- Increases tool performance
- Extends tool life
- Reduces down time
- Frees up bearings
- Eliminates gumminess
- Frees sticky parts

## SUGGESTED USES:

- Construction Equipment
- Air Hammers
- Air Ratchets
- Air Grinders
- Air Drivers
- Air Line Feed Systems
- Jack Hammers
- Impact Wrenches

## REMOVAL:

No removal is necessary
